Learning in the Fast Lane Suzy Pepper Rollins 2014-04-10 Too often, students who fail a grade or a course receive remediation that ends up widening rather than closing achievement gaps. According to veteran classroom teacher and educational consultant Suzy Pepper Rollins, the true answer to supporting struggling students lies in acceleration. In *Learning in the Fast Lane*, she lays out a plan of action that teachers can use to immediately move underperforming students in the right direction and differentiate instruction for all learners—even those who excel academically. This essential guide identifies eight high-impact, research-based instructional approaches that will help you * Make standards and learning goals explicit to students. * Increase students' vocabulary—a key to their academic success. * Build students' motivation and self-efficacy so that they become active, optimistic participants in class. * Provide rich, timely feedback that enables students to improve when it counts. * Address skill and knowledge gaps within the context of new learning. Students deserve no less than the most effective strategies available. These hands-on, ready-to-implement practices will enable you to provide all students with compelling, rigorous, and engaging learning experiences.

The Reparations Controversy Yaakov Sharett 2011-08-29 This book about the reparations issue ("Wiedergutmachung" in German; "shilumim" in Hebrew) brings together selected protocols of all debates held in the Knesset, in its Foreign Affairs and Security Committee, in the Government and in the high councils of the ruling party Mapai, regarding conducting negotiations with the West German Government. This is the first book documenting confidential protocols lately opened to the public. With the elaborate introduction by Yehiam Weitz, this book will serve as a basic textbook for an important chapter not only in Israeli and German history, but also in post-war history in general.

World History, Culture, and Geography 1995 This resource book is designed to assist teachers in implementing California's history-social science framework at the 10th grade level. The models support implementation at the local level and may be used to plan topics and select resources for professional development and preservice education. This document provides a link between the framework's course descriptions and teachers' lesson plans by suggesting substantive resources and instructional strategies to be used in conjunction with textbooks and supplementary materials. The resource book is divided into eight units: (1) "Unresolved Problems of the Modern World"; (2) "Connecting with Past Learnings: The Rise of Democratic Ideas"; (3) "The Industrial Revolution"; (4) "The Rise of Imperialism and Colonialism: A Case Study of India"; (5) "World War I and Its Consequences"; (6) "Totalitarianism in the Modern

World: Nazi Germany and Stalinist Russia"; (7) "World War II: Its Causes and Consequences"; and (8) "Nationalism in the Contemporary World." Each unit contains references. (EH)

Allied Internment Camps in Occupied Germany Andrew H. Beattie 2019-10-31 Examines how all four Allied powers interned alleged Nazis without trial in camps only recently liberated from Nazi control.

Freedom in the World 2016 Freedom House 2016-12-24 Freedom in the World, the Freedom House flagship survey whose findings have been published annually since 1972, is the standard-setting comparative assessment of global political rights and civil liberties. The survey ratings and narrative reports on 195 countries and fifteen territories are used by policymakers, the media, international corporations, civic activists, and human rights defenders to monitor trends in democracy and track improvements and setbacks in freedom worldwide. The Freedom in the World political rights and civil liberties ratings are determined through a multi-layered process of research and evaluation by a team of regional analysts and eminent scholars. The analysts used a broad range of sources of information, including foreign and domestic news reports, academic studies, nongovernmental organizations, think tanks, individual professional contacts, and visits to the region, in conducting their research. The methodology of the survey is derived in large measure from the Universal Declaration of Human Rights, and these standards are applied to all countries and territories, irrespective of geographical location, ethnic or religious composition, or level of economic development.

Performing Violence Birgit Beumers 2009 New Russian Drama began its rise at the end of the twentieth century, following a decline in dramatic writing in Russia that stemmed back to the 1980s. Authors Beumers and Lipovetsky examine the representation of violence in these new dramatic works penned by young Russian playwrights. *Performing Violence* is the first English-language study of the consequent boom in drama and why this new breed of authors were writing fierce plays, the focus is on political and social representations of violence, its performances and justifications. *Performing Violence* seeks a vantage point for the analysis of brutality in post-Soviet culture.

The Cambridge Handbook of Computing Education Research Sally A. Fincher 2019-02-21 This Handbook describes the extent and shape of computing education research today. Over fifty leading researchers from academia and industry (including Google and Microsoft) have contributed chapters that together define and expand the evidence base. The foundational chapters set the field in context, articulate expertise from key disciplines, and form a practical guide for new researchers. They address what can be learned empirically, methodologically and theoretically from each area. The topic chapters explore issues that are of current interest, why they matter, and what is already known. They include discussion of motivational context, implications for practice, and open questions which might suggest future research. The authors provide an authoritative introduction to the field and is essential reading for policy makers, as well as both new and established researchers.

"On Ne Naît Pas Femme - On Le Devient..." Bonnie Mann 2017 This collection of essays takes up the most famous feminist sentence ever written, Simone de Beauvoir's "On ne nait pas femme: on le devient," finding in it a flashpoint that galvanizes feminist thinking and action in multiple dimensions. Since its publication, the sentence has inspired feminist thinking and action in many different cultural and linguistic contexts. Two entangled controversies emerge in the life of this sentence: a controversy over the practice of translation and a controversy over the nature and status of sexual difference. Various translations into English as "One is not born, but rather becomes a woman" (Parshley, 1953), "one is not born but rather becomes woman" (Borde and Malovany-Chevallier, 2010), and "women are made, not born" (in popular parlance), the conflict over the translation crystallizes the feminist debate over the possibilities and limitations of social construction as a theory of sexual difference. When Sheila Malovany-Chevallier and Constance Borde (contributors to this volume), translated *Le Deuxieme Sexe* into English in 2010, their decision to alter the translation of the famous sentence by omitting the "a" ignited a debate that has not yet exhausted itself. The controversy over the English translation has opened a conversation about translation practices and their relation to meaning more generally, and broadens, in this volume, into an examination of the life of Beauvoir's key sentence in other languages and political and cultural contexts as well. The philosophers, translators, literary scholars and historians who author these essays take decidedly different positions on the meaning of the sentence in French, and thus on its correct translation in a variety of languages--but also on the meaning and salience of the question of sexual difference as it travels between languages, cultures, and political worlds.

Lilac Girls Martha Hall Kelly 2016-04-05 NEW YORK TIMES BESTSELLER • One million copies sold! Inspired by the life of a real World War II heroine, this remarkable debut novel reveals the power of unsung women to change history in their quest for love, freedom, and second chances. "Extremely moving and memorable . . . This impressive debut should appeal strongly to historical fiction readers and to book clubs that adored Kristin Hannah's *The Nightingale* and Anthony Doerr's *All the Light We Cannot See*."—Library Journal (starred review) New York socialite Caroline Ferriday has her hands full with her post at the French consulate and a new love on the horizon. But Caroline's world is forever changed when Hitler's army invades Poland in September 1939—and then sets its sights on France. An ocean away from Caroline, Kasia Kuzmerick, a Polish teenager, senses her carefree youth disappearing as she is drawn deeper into her role as courier for the underground resistance movement. In a tense atmosphere of watchful eyes and suspecting neighbors, one false move can have dire consequences. For the ambitious young German doctor, Herta Oberheuser, an ad for a government medical position seems her ticket out of a desolate life. Once hired, though, she finds herself trapped in a male-dominated realm of Nazi secrets and power. The lives of these three women are set on a collision course when the unthinkable happens and Kasia is sent to Ravensbrück, the notorious Nazi concentration camp for women. Their stories cross continents—from New York to Paris, Germany, and Poland—as Caroline and Kasia strive to bring justice to those whom history has forgotten. Where the Salmon Run Trova Heffernan 2017-05-01 Billy Frank Jr. was an early participant in the fight for tribal fishing rights during the 1960s. Roughed up, belittled, and handcuffed on the riverbank, he emerged as one of the most influential Northwest Indians in modern history. His efforts helped bring about the 1974 ruling by Federal Judge George H. Boldt affirming Northwest tribal fishing rights and allocating half the harvestable catch to them. Today, he continues to support Indian country and people by working to protect salmon and restore the environment. *Where the Salmon Run* tells the life story of Billy Frank Jr., from his father's influential tales, through the difficult and contentious days of the Fish Wars, to today. Based on extensive interviews with Billy, his family, close advisors, as well as political allies and former foes, and the holdings of Washington State's cultural institutions, we learn about the man behind the legend, and the people who helped him along the way.

Prisoner B-3087 Alan Gratz 2013-03-01 Survive. At any cost. 10 concentration camps. 10 different places where you are starved, tortured, and worked mercilessly. It's something no one could imagine surviving. But it is what Yanek Gruener has to face. As a Jewish boy in 1930s Poland, Yanek is at the mercy of the Nazis who have taken over. Everything he has, and everyone he loves, have been snatched brutally from him. And then Yanek himself is taken prisoner -- his arm tattooed with the words PRISONER B-3087. He is forced from one nightmarish concentration camp to another, as World War II rages all around him. He encounters evil he could have never imagined, but also sees surprising glimpses of hope amid the horror. He just barely escapes death, only to confront it again seconds later. Can Yanek make it through the terror without losing his hope, his will -- and, most of all, his sense of who he really is inside? Based on an astonishing true story.

Holocaust and Human Behavior Facing History and Ourselves 2017-03-24 *Holocaust and Human Behavior* uses readings, primary source material, and short documentary films to examine the challenging history of the Holocaust and prompt reflection on our world today
State Violence in Nazi Germany Emanuel Marx 2019-12-19 Through analyses of three eventful years in Nazi Germany's history - the Kristallnacht pogrom, the invasion of Poland and the invasion of Soviet Russia - this book explores the violence of states. All three events were part of the Nazi colonial project and led to mass killings, eventually resulting in the systematic murder of Jews becoming a major war aim - one that Germany would pursue to the end, even when it became clear that the military conflict could no longer be won. Drawing on voluminous historical and sociological literature, as well as documentary and contemporary evidence, the author presents a new account of the phenomenon of extreme state violence as a special category of violence, in which the armed forces, maintained in a state of readiness, are used unnecessarily and excessively, often on thin pretexts, and, unlike coercive violence, only rarely for the purposes of carrying messages to the public. As such, it will appeal to scholars of sociology, history and anthropology concerned with mass and state violence.

Teaching about the Holocaust in English Secondary Schools Alice Pettigrew 2009 The ground-breaking report *Teaching About the Holocaust in English Secondary Schools: An empirical study of national trends, perspectives and practice* explores when, where, how and

why the Holocaust is taught in state-maintained secondary schools in England. The challenges and issues identified have been used to design and develop the world's first research-informed programme of teacher professional development in Holocaust education. The landmark national research that underpins this report employed a two-phase mixed methodology. This comprised an online survey which was completed by more than 2,000 respondents and follow-up interviews with 68 teachers in 24 different schools throughout England. The report is the largest endeavour of its kind in the United Kingdom in both scope and scale. The authors hope it will be of considerable value to all those concerned with the advancement and understanding of Holocaust education both in the UK and internationally.

East West Street Philippe Sands 2017 "A ... personal detective story, an uncovering of secret pasts, and a book that explores the creation and development of world-changing legal concepts that came about as a result of the unprecedented atrocities of Hitler's Third Reich. East West Street looks at the personal and intellectual evolution of the two men who simultaneously originated the ideas of "genocide" and crimes against humanity," both of whom not knowing the other, studied at the same university with the same professor, in a city little known today that was a major cultural center of Europe, "the little Paris of Ukraine," a city variously called Lemberg, Lwów, Lvov, or Lviv ... Sands ... realized that his own field of international law had been forged by two men--Rafael Lemkin and Hersch Lauterpacht--each of whom had studied law at Lviv University in the city of his grandfather's birth, each of whom had come to be considered the finest international legal mind of the twentieth century, each considered to be the father of the modern human rights movement, and each, at parallel times, forging diametrically opposite, revolutionary concepts of humanitarian law that had changed the world."--

Lightning War Time-Life Books 1989 Chronicles the rise and eventual fall of Nazi Germany during World War II.

Holocaust Education Stuart Foster 2020-07-06 Teaching and learning about the Holocaust is central to school curriculums in many parts of the world. As a field for discourse and a body of practice, it is rich, multidimensional and innovative. But the history of the Holocaust is complex and challenging, and can render teaching it a complex and daunting area of work. Drawing on landmark research into teaching practices and students' knowledge in English secondary schools, *Holocaust Education: Contemporary challenges and controversies* provides important knowledge about and insights into classroom teaching and learning. It sheds light on key challenges in Holocaust education, including the impact of misconceptions and misinformation, the dilemmas of using atrocity images in the classroom, and teaching in ethnically diverse environments. Overviews of the most significant debates in Holocaust education provide wider context for the classroom evidence, and contribute to a book that will act as a guide through some of the most vexed areas of Holocaust pedagogy for teachers, teacher educators, researchers and policymakers.

Nazi Ideology and the Holocaust 2007 A popularly written and illustrated history of the Holocaust. Deals with all of the victims of the Nazis' genocidal campaign: communists, Jehovah's Witnesses, homosexuals, Poles and other Slavs, and Soviet POWs, as well as the "racial enemies" - Afro-Germans, the mentally and physically disabled, Gypsies, and Jews. Jews were regarded by the Nazis as the foremost "racial enemy". Pp. 110-156, "The Holocaust", deal specifically with the destruction of the Jews - from the first Nazi anti-Jewish measures in Germany, through the "Kristallnacht" pogrom and murders of Jews in Poland and the USSR, to the total mass murder in the death camps.

Behold a Pale Horse William Cooper 2012-04-11 Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The only man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heroes, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

Facing the Lion Simone Arnold Liebster 2011-06 Simone Arnold is an ordinary French schoolgirl - spirited and stubborn. Then the Nazis march in, demanding complete conformity. Friends become enemies. Teachers spout Nazi propaganda. School officials recruit for the Hitler Youth. Simone's family refuses to hail Hitler as Germany's savior. This inspiring story of a young girl standing up for her beliefs in the face of society's overwhelming pressure to conform is a potent reminder of the power of remaining true to one's beliefs.

Fragile Spaces Steven E. Aschheim 2018-09-24 This book consists of a range of essays covering the complex crises, tensions and dilemmas but also the positive potential in the meeting of Jews with Western culture. In numerous contexts and through the work of fascinating individuals and thinkers, the work examines some of the consequences of political, cultural and personal rupture, as well as the manifold ways in which various Jewish intellectuals, politicians (and occasionally spies!) sought to respond to these ruptures and carve out new, sometimes profound, sometimes fanciful, options of thought and action. It also delves critically into the attacks on liberal and Enlightenment humanism. In almost all the essays the fragility of things is palpably present and the book touches on some of the ironies, problematics and functions of responses to that condition. The work mirrors the author's ongoing fascination with the always fraught,

fragile and creatively fecund confrontation of Jews (and others) with European modernity, its history, politics, culture and self-definition. In a time of increasing anxiety and feelings of fragility, this work may be helpful in understanding how people at an earlier (and sometimes contemporary) period sought to come to terms with a similar predicament.

The Night of Broken Glass Uta Gerhardt 2021-09-11 November 9th 1938 is widely seen as a violent turning point in Nazi Germany's assault on the Jews. An estimated 400 Jews lost their lives in the anti-Semitic pogrom and more than 30,000 were imprisoned or sent to concentration camps, where many were brutally mistreated. Thousands more fled their homelands in Germany and Austria, shocked by what they had seen, heard and experienced. What they took with them was not only the pain of saying farewell but also the memory of terrible scenes: attacks by mobs of drunken Nazis, public humiliations, burning synagogues, inhuman conditions in overcrowded prison cells and concentration camp barracks. The reactions of neighbours and passersby to these barbarities ranged from sympathy and aid to scorn, mockery, and abuse. In 1939 the Harvard sociologist Edward Hartshorne gathered eyewitness accounts of the Kristallnacht from hundreds of Jews who had fled, but Hartshorne joined the Secret Service shortly afterwards and the accounts he gathered were forgotten – until now. These eyewitness testimonies – published here for the first time with a Foreword by Saul Friedländer, the Pulitzer Prize historian and Holocaust survivor – paint a harrowing picture of everyday violence in one of Europe's darkest moments. This unique and disturbing document will be of great interest to anyone interested in modern history, Nazi Germany and the historical experience of the Jews.

From Christian Science to Jewish Science Ellen M. Umansky 2005 During the late nineteenth and early twentieth centuries, thousands of American Jews were drawn to the teachings of Christian Science. Viewing such attraction with alarm, American Reform Rabbis sought to counter Christian Science's appeal by formulating a Jewish vision of happiness and health. Unlike Christian Science, it acknowledged the benefits of modern medicine yet, sharing the belief in God as the true source of healing, similarly emphasized the power of visualization and affirmative prayer. Though the numbers of those formally affiliated with Jewish would remain small, its emphasis on the connection between mind and body influenced scores of rabbis and thousands if not hundreds of thousands of American Jews, predating contemporary Jewish interest in spiritual healing by more than seventy years. Examining an important and previously unwritten chapter in the story of American Judaism, this book sheds light on religious and social concerns of twentieth-century American Jewry, including ways in which adherence to Jewish Science helped thousands bridge the perceived gap between Judaism and modernity.

Berlin Diary William L. Shirer 2011-10-23 The author of the international bestseller *The Rise and Fall of the Third Reich* offers a personal account of life in Nazi Germany at the start of WWII. By the late 1930s, Adolf Hitler, Führer of the Nazi Party, had consolidated power in Germany and was leading the world into war. A young foreign correspondent was on hand to bear witness. More than two decades prior to the publication of his acclaimed history, *The Rise and Fall of the*

Third Reich, William L. Shirer was a journalist stationed in Berlin. During his years in the Nazi capital, he kept a daily personal diary, scrupulously recording everything he heard and saw before being forced to flee the country in 1940. *Berlin Diary* is Shirer's first-hand account of the momentous events that shook the world in the mid-twentieth century, from the annexation of Austria and Czechoslovakia to the fall of Poland and France. A remarkable personal memoir of an extraordinary time, it chronicles the author's thoughts and experiences while living in the shadow of the Nazi beast. Shirer recalls the surreal spectacles of the Nuremberg rallies, the terror of the late-night bombing raids, and his encounters with members of the German high command while he was risking his life to report to the world on the atrocities of a genocidal regime. At once powerful, engrossing, and edifying, William L. Shirer's *Berlin Diary* is an essential historical record that illuminates one of the darkest periods in human civilization.

Masters of All They Surveyed D. Graham Burnett 2001-09-20 Chronicling the British pursuit of the legendary El Dorado, *Masters of All They Surveyed* tells the fascinating story of geography, cartography, and scientific exploration in Britain's unique South American colony, Guyana. How did nineteenth-century Europeans turn areas they called terra incognita into bounded colonial territories? How did a tender-footed gentleman, predisposed to seasickness (and unable to swim), make his way up churning rivers into thick jungle, arid savanna, and forbidding mountain ranges, survive for the better part of a decade, and emerge with a map? What did that map mean? In answering these questions, D. Graham Burnett brings to light the work of several such explorers, particularly Sir Robert H. Schomburgk, the man who claimed to be the first to reach the site of Raleigh's El Dorado. Commissioned by the Royal Geographical Society and later by the British Crown, Schomburgk explored and mapped regions in modern Brazil, Venezuela, and Guyana, always in close contact with Amerindian communities. Drawing heavily on the maps, reports, and letters that Schomburgk sent back to England, and especially on the luxuriant images of survey landmarks in his *Twelve Views in the Interior of Guiana* (reproduced in color in this book), Burnett shows how a vast network of traverse surveys, illustrations, and travel narratives not only laid out the official boundaries of British Guiana but also marked out a symbolic landscape that fired the British imperial imagination. Engagingly written and beautifully illustrated, *Masters of All They Surveyed* will interest anyone who wants to understand the histories of colonialism and science.

Repentance for the Holocaust C. K. Martin Chung 2017-07-15 In *Repentance for the Holocaust*, C. K. Martin Chung develops the biblical idea of "turning" (tshuvah) into a conceptual framework to analyze a particular area of contemporary German history, commonly referred to as Vergangenheitsbewältigung or "coming to terms with the past." Chung examines a selection of German responses to the Nazi past, their interaction with the victims' responses, such as those from Jewish individuals, and their correspondence with biblical repentance. In demonstrating the victims' influence on German responses, Chung asserts that the phenomenon of Vergangenheitsbewältigung can best be understood in a relational, rather than a national, paradigm. By establishing the conformity between those responses to past atrocities and the idea of "turning," Chung argues that the religious texts from the Old Testament encapsulating this idea (especially the Psalms of Repentance) are viable intellectual resources for dialogues among victims, perpetrators, bystanders, and their descendants in the discussion of guilt and responsibility, justice and reparation, remembrance and reconciliation. It is a great irony that after Nazi Germany sought to eliminate each and every single Jew within its reach, postwar Germans have depended on the Jewish device of repentance as a feasible way out of their unparalleled national catastrophe and unprecedented spiritual ruin.
