

They Marched Into Sunlight War And Peace Vietnam America October 1967 David Maraniss

This is likewise one of the factors by obtaining the soft documents of this **They Marched Into Sunlight War And Peace Vietnam America October 1967 David Maraniss** by online. You might not require more period to spend to go to the ebook inauguration as with ease as search for them. In some cases, you likewise pull off not discover the message They Marched Into Sunlight War And Peace Vietnam America October 1967 David Maraniss that you are looking for. It will unconditionally squander the time.

However below, when you visit this web page, it will be in view of that very simple to acquire as competently as download lead They Marched Into Sunlight War And Peace Vietnam America October 1967 David Maraniss

It will not believe many time as we tell before. You can pull off it while take action something else at house and even in your workplace. fittingly easy! So, are you question? Just exercise just what we meet the expense of under as with ease as evaluation **They Marched Into Sunlight War And Peace Vietnam America October 1967 David Maraniss** what you later to read!

Last Men Out Bob Drury 2012-04-03 A moment-by-moment account of the operation by U.S. marines to rescue thousands of American troops and allies in the final 24 hours of the Vietnam War focuses on the stories of 11 young Marines who were the last to leave, in a dramatic story based on first-hand testimonies and recently declassified information. 100,000 first printing.

The Killing Zone: My Life in the Vietnam War Frederick Downs Jr. 2007-02-17 "The best damned book from the point of view of the infantrymen who fought there."—Army Times Among the best books ever written about men in combat, *The Killing Zone* tells the story of the platoon of Delta One-six, capturing what it meant to face lethal danger, to follow orders, and to search for the conviction and then the hope that this war was worth the sacrifice. The book includes a new chapter on what happened to the platoon members when they came home.

Fire in the Lake Frances FitzGerald 2009-05-30 Frances FitzGerald's landmark history of Vietnam and the Vietnam War, "A compassionate and penetrating account of the collision of two societies that remain untranslatable to one another." (New York Times Book Review) This magisterial work, based on Frances FitzGerald's many years of research and travels, takes us inside the history of Vietnam--the traditional, ancestor-worshiping villages, the conflicts between Communists and anti-Communists, Catholics and Buddhists, generals and monks, the disruption created by French colonialism, and America's ill-fated intervention--and reveals the country as seen through Vietnamese eyes. Originally published in 1972, *FIRE IN THE LAKE* was the first history of Vietnam written by an American, and subsequently won the Pulitzer Prize, the Bancroft Prize, and the National Book Award. With a clarity and insight unrivaled by any author before it or since, Frances FitzGerald illustrates how America utterly and tragically misinterpreted the realities of Vietnam.

They Marched Into Sunlight David Maraniss 2004-10-04 Focuses on a crucial two-day battle in Vietnam that was also marked by an ill-fated protest by University of Wisconsin students at the Dow Chemical Company, in an hour-by-hour narrative.

Five for Freedom Eugene L. Meyer 2018-06-01 On October 16, 1859, John Brown and his band of eighteen raiders descended on Harpers Ferry in an ill-fated attempt to incite a slave insurrection. The raiders were routed, and several were captured. Soon after, they were tried, convicted, and hanged. Among Brown's fighters were five African American men—John Copeland, Shields Green, Dangerfield Newby, Lewis Leary, and Osborne Perry Anderson—whose lives and deaths have long been overshadowed by their martyred leader. Only Anderson survived, later publishing the lone insider account of the event. *Five for Freedom* is the story of these five brave men, the circumstances in which they were born and raised, how they came together at this fateful time and place, and the legacies they left behind. It is an American story that continues to resonate in the present.

The Clinton Enigma David Maraniss 1999-01-08 Pulitzer Prize-winning journalist David Maraniss, regarded by his peers as the nation's leading expert on Bill

Clinton, sat in a darkened television studio in New York on the night of August 17 and watched the president deliver his curious apologia confessing that he had misled the nation about his relationship with Monica Lewinsky. As Maraniss, the author of *First in His Class*, the highly acclaimed Clinton biography, listened to the president's words that night, it struck him that he had heard them all before, though never in one speech, and that in those four and a half minutes Clinton had revealed all the contradictory qualities of his tumultuous life and political career. In this insightful new book, drawing from the biography and his writings for *The Washington Post*, Maraniss dissects the speech as a revelation of the president's entire life. Alternately reckless and cautious, righteous and repentant, evasive and forgetful, relying on family and friends to protect him, affirming his faith in God and then turning to polls to tell him what the public would tolerate, communicating with the public over the heads of pundits and professionals, transforming his personal trauma into a political cause by attacking his and his wife's enemies, asking us all to put his troubles behind us, Clinton combined all his weaknesses and strengths in that one brief address. In the first section of *The Clinton Enigma*, Maraniss reflects as a biographer on his curious but revealing dealings with Clinton over the years. Then, after Clinton has spoken, Maraniss dissects the words and interprets the deeper meaning paragraph by paragraph, to show the roots and echoes from the president's past and to explain why Clinton acts and speaks as he does. With Bill Clinton, Maraniss writes, past is always prologue.

The Red Cross in Peace and War Clara Barton 1904

A Good American Family David Maraniss 2020-11-10 Pulitzer Prize-winning author and "one of our most talented biographers and historians" (*The New York Times*) David Maraniss delivers a "thoughtful, poignant, and historically valuable story of the Red Scare of the 1950s" (*The Wall Street Journal*) through the chilling yet affirming story of his family's ordeal, from blacklisting to vindication. Elliott Maraniss, David's father, a WWII veteran who had commanded an all-black company in the Pacific, was spied on by the FBI, named as a communist by an informant, called before the House Un-American Activities Committee in 1952, fired from his newspaper job, and blacklisted for five years. Yet he never lost faith in America and emerged on the other side with his family and optimism intact. In a sweeping drama that moves from the Depression and Spanish Civil War to the HUAC hearings and end of the McCarthy era, Maraniss weaves his father's story through the lives of his inquisitors and defenders as they struggle with the vital 20th-century issues of race, fascism, communism, and first amendment freedoms. "Remarkably balanced, forthright, and unwavering in its search for the truth" (*The New York Times*), *A Good American Family* evokes the political dysfunctions of the 1950s while underscoring what it really means to be an American. It is "clear-eyed and empathetic" (*Publishers Weekly*, starred review) tribute from a brilliant writer to his father and the family he protected in dangerous times.

They Marched Into Sunlight David Maraniss 2003-10-14 David Maraniss tells the epic

story of Vietnam and the sixties through the events of a few gripping, passionate days of war and peace in October 1967. With meticulous and captivating detail, *They Marched Into Sunlight* brings that catastrophic time back to life while examining questions about the meaning of dissent and the official manipulation of truth—issues that are as relevant today as they were decades ago. In a seamless narrative, Maraniss weaves together the stories of three very different worlds: the death and heroism of soldiers in Vietnam, the anger and anxiety of antiwar students back home, and the confusion and obfuscating behavior of officials in Washington. To understand what happens to the people in these interconnected stories is to understand America's anguish. Based on thousands of primary documents and 180 on-the-record interviews, the book describes the battles that evoked cultural and political conflicts that still reverberate.

A Date Which Will Live Emily S. Rosenberg 2003-08-25 How Pearl Harbor has been written about, thought of, and manipulated in American culture.

The Vietnam War Geoffrey Ward 2020-03-17 From the award-winning historian and filmmakers of *The Civil War*, *Baseball*, *The War*, *The Roosevelts*, and others: a vivid, uniquely powerful history of the conflict that tore America apart—the companion volume to the major, multipart PBS film to be aired in September 2017. More than forty years after it ended, the Vietnam War continues to haunt our country. We still argue over why we were there, whether we could have won, and who was right and wrong in their response to the conflict. When the war divided the country, it created deep political fault lines that continue to divide us today. Now, continuing in the tradition of their critically acclaimed collaborations, the authors draw on dozens and dozens of interviews in America and Vietnam to give us the perspectives of people involved at all levels of the war: U.S. and Vietnamese soldiers and their families, high-level officials in America and Vietnam, antiwar protestors, POWs, and many more. The book plunges us into the chaos and intensity of combat, even as it explains the rationale that got us into Vietnam and kept us there for so many years. Rather than taking sides, the book seeks to understand why the war happened the way it did, and to clarify its complicated legacy. Beautifully written and richly illustrated, this is a tour de force that is certain to launch a new national conversation.

Clemente David Maraniss 2013-03-26 Discover the remarkable life of Roberto Clemente—one of the most accomplished—and beloved—baseball heroes of his generation from Pulitzer Prize winner David Maraniss. On New Year's Eve 1972, following eighteen magnificent seasons in the major leagues, Roberto Clemente died a hero's death, killed in a plane crash as he attempted to deliver food and medical supplies to Nicaragua after a devastating earthquake. David Maraniss now brings the great baseball player brilliantly back to life in *Clemente: The Passion and Grace of Baseball's Last Hero*, a book destined to become a modern classic. Much like his acclaimed biography of Vince Lombardi, *When Pride Still Mattered*, Maraniss uses his narrative sweep and meticulous detail to capture the myth and a real man. Anyone who saw Clemente, as he played with a beautiful fury, will never forget him. He was a work of art in a game too often defined by statistics. During his career with the Pittsburgh Pirates, he won four batting titles and led his team to championships in 1960 and 1971, getting a hit in all fourteen World Series games in which he played. His career ended with three-thousand hits, the magical three-thousandth coming in his final at-bat, and he and the immortal Lou Gehrig are the only players to have the five-year waiting period waived so they could be enshrined in the Hall of Fame immediately after their deaths. There is delightful baseball here, including thrilling accounts of the two World Series victories of Clemente's underdog Pittsburgh Pirates, but this is far more than just another baseball book. Roberto Clemente was that rare athlete who rose above sports to become a symbol of larger themes. Born near the canebrakes of rural Carolina, Puerto Rico, on August 18, 1934, at a time when there were no blacks or Puerto Ricans playing organized ball in the United States, Clemente went on to become the greatest Latino player in the major leagues. He was, in a sense, the Jackie Robinson of the Spanish-speaking world, a ballplayer of determination, grace, and dignity who paved the way and set the highest standard for waves of Latino players

who followed in later generations and who now dominate the game. The Clemente that Maraniss evokes was an idiosyncratic character who, unlike so many modern athletes, insisted that his responsibilities extended beyond the playing field. In his final years, his motto was that if you have a chance to help others and fail to do so, you are wasting your time on this earth. Here, in the final chapters, after capturing Clemente's life and times, Maraniss retraces his final days, from the earthquake to the accident, using newly uncovered documents to reveal the corruption and negligence that led the unwitting hero on a mission of mercy toward his untimely death as an uninspected, overloaded plane plunged into the sea.

Once in a Great City David Maraniss 2015-09-15 "A fascinating political, racial, economic, and cultural tapestry" (Detroit Free Press), a tour de force from David Maraniss about the quintessential American city at the top of its game: Detroit in 1963. Detroit in 1963 is on top of the world. The city's leaders are among the most visionary in America: Grandson of the first Ford; Henry Ford II; Motown's founder Berry Gordy; the Reverend C.L. Franklin and his daughter, the incredible Aretha; Governor George Romney, Mormon and Civil Rights advocate; car salesman Lee Iacocca; Police Commissioner George Edwards; Martin Luther King. The time was full of promise. The auto industry was selling more cars than ever before. Yet the shadows of collapse were evident even then. "Elegiac and richly detailed" (The New York Times), in *Once in a Great City* David Maraniss shows that before the devastating riot, before the decades of civic corruption and neglect, and white flight; before people trotted out the grab bag of rust belt infirmities and competition from abroad to explain Detroit's collapse, one could see the signs of a city's ruin. Detroit at its peak was threatened by its own design. It was being abandoned by the new world economy and by the transfer of American prosperity to the information and service industries. In 1963, as Maraniss captures it with power and affection, Detroit summed up America's path to prosperity and jazz that was already past history. "Maraniss has written a book about the fall of Detroit, and done it, ingeniously, by writing about Detroit at its height...An encyclopedic account of Detroit in the early sixties, a kind of hymn to what really was a great city" (The New Yorker).

Battle Green Vietnam Elise Lemire 2021-04-16 Based on more than one hundred interviews with participants and accompanied by nearly forty photographs and maps, *Battle Green Vietnam* tells the story of the 1971 antiwar protest by Vietnam veterans that resulted in the largest mass arrest in Massachusetts history.

Tell Newt to Shut Up Michael Weisskopf 2008-06-30 PRIZEWINNING WASHINGTON POST JOURNALISTS REVEAL HOW REALITY GAGGED THE GINGRICH REVOLUTION Speaker Newt Gingrich and his troops promised a revolution when they seized power in January 1995. The year that followed was one of the most fascinating and tumultuous in modern American history. After stunning early success with the Contract with America, the Republicans began to lose momentum; by year's end Gingrich was isolated and uncertain, and his closest allies were telling him to shut up. Here is an unprecedented, fly-on-the-wall look at the successes, sellouts, and perhaps fatal mistakes of Newt Gingrich's Republican Revolution. Based on the award-winning Washington Post series that documented the Republicans' day-to-day attempts to revolutionize the American government, "Tell Newt to Shut Up!" gets to the heart of the political process.

Alex's Wake Martin Goldsmith 2014-04-08 *Alex's Wake* is a tale of two parallel journeys undertaken seven decades apart. In the spring of 1939, Alex and Helmut Goldschmidt were two of more than 900 Jewish refugees fleeing Nazi Germany aboard the *St. Louis*, "the saddest ship afloat" (New York Times). Turned away from Cuba, the United States, and Canada, the *St. Louis* returned to Europe, a stark symbol of the world's indifference to the gathering Holocaust. The Goldschmidts disembarked in France, where they spent the next three years in six different camps before being shipped to their deaths in Auschwitz. In the spring of 2011, Alex's grandson, Martin Goldsmith, followed in his relatives' footsteps on a six-week journey of remembrance and hope, an irrational quest to reverse their fate and bring himself peace. *Alex's Wake* movingly recounts the detailed histories of the two journeys, the witnesses Martin encounters for whom the events of the past are

a vivid part of a living present, and an intimate, honest attempt to overcome a tormented family legacy.

In Retrospect Robert McNamara 2017-09-06 #1 NATIONAL BESTSELLER. The definitive insider's account of American policy making in Vietnam. "Can anyone remember a public official with the courage to confess error and explain where he and his country went wrong? This is what Robert McNamara does in this brave, honest, honorable, and altogether compelling book."—Arthur Schlesinger, Jr. Written twenty years after the end of the Vietnam War, former Secretary of Defense Robert McNamara's controversial memoir answers the lingering questions that surround this disastrous episode in American history. With unprecedented candor and drawing on a wealth of newly declassified documents, McNamara reveals the fatal misassumptions behind our involvement in Vietnam. Keenly observed and dramatically written, *In Retrospect* possesses the urgency and poignancy that mark the very best histories—and the unsparing candor that is the trademark of the greatest personal memoirs. Includes a preface written by McNamara for the paperback edition.

The Things They Carried Tim O'Brien 2009-10-13 A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Path Lit by Lightning David Maraniss 2022-08-09 A riveting new biography of America's greatest all-around athlete by the bestselling author of the classic biography *When Pride Still Mattered*. Jim Thorpe rose to world fame as a mythic talent who excelled at every sport. He won gold medals in the decathlon and pentathlon at the 1912 Stockholm Olympics, was an All-American football player at the Carlisle Indian School, the star of the first class of the Pro Football Hall of Fame, and played major league baseball for John McGraw's New York Giants. Even in a golden age of sports celebrities, he was one of a kind. But despite his colossal skills, Thorpe's life was a struggle against the odds. As a member of the Sac and Fox Nation, he encountered duplicitous authorities who turned away from him when their reputations were at risk. At Carlisle, he dealt with the racist assimilationist philosophy "Kill the Indian, Save the Man." His gold medals were unfairly rescinded because he had played minor league baseball. His later life was troubled by alcohol, broken marriages, and financial distress. He roamed from state to state and took bit parts in Hollywood, but even the film of his own life failed to improve his fortunes. But for all his travails, Thorpe did not succumb. The man survived, complications and all, and so did the myth. *Path Lit by Lightning* is a great American story from a master biographer.

Rads Tom Bates 1992 Describes the tragic bombing at the University of Wisconsin and chronicles the end of the anti-war movement

Black April George Veith 2013-09-17 The defeat of South Vietnam was arguably America's worst foreign policy disaster of the 20th Century. Yet a complete understanding of the endgame—from the 27 January 1973 signing of the Paris Peace Accords to South Vietnam's surrender on 30 April 1975—has eluded us. *Black April* addresses that deficit. A culmination of exhaustive research in three distinct areas: primary source documents from American archives, North Vietnamese publications containing primary and secondary source material, and dozens of articles and numerous interviews with key South Vietnamese participants, this book represents one of the largest Vietnamese translation projects ever accomplished, including almost one hundred rarely or never seen before North Vietnamese unit histories, battle studies, and memoirs. Most important, to celebrate the 30th

Anniversary of South Vietnam's conquest, the leaders in Hanoi released several compendiums of formerly highly classified cables and memorandum between the Politburo and its military commanders in the south. This treasure trove of primary source materials provides the most complete insight into North Vietnamese decision-making ever compiled. While South Vietnamese deliberations remain less clear, enough material exists to provide a decent overview. Ultimately, whatever errors occurred on the American and South Vietnamese side, the simple fact remains that the country was conquered by a North Vietnamese military invasion despite written pledges by Hanoi's leadership against such action. Hanoi's momentous choice to destroy the Paris Peace Accords and militarily end the war sent a generation of South Vietnamese into exile, and exacerbated a societal trauma in America over our long Vietnam involvement that reverberates to this day. How that transpired deserves deeper scrutiny.

Road to Disaster Brian VanDeMark 2018-09-18 "The most thoughtful and judicious one-volume history of the war and the American political leaders who presided over the difficult and painful decisions that shaped this history. The book will stand for the foreseeable future as the best study of the tragic mistakes that led to so much suffering."—Robert Dallek Many books have been written on the tragic decisions regarding Vietnam made by the young stars of the Kennedy and Johnson administrations. Yet despite millions of words of analysis and reflection, no historian has been able to explain why such decent, brilliant, and previously successful men stumbled so badly. That changes with *Road to Disaster*. Historian Brian VanDeMark draws upon decades of archival research, his own interviews with many of those involved, and a wealth of previously unheard recordings by Robert McNamara and Clark Clifford, who served as Defense Secretaries for Kennedy and Johnson. Yet beyond that, *Road to Disaster* is also the first history of the war to look at the cataclysmic decisions of those in the Kennedy and Johnson administrations through the prism of recent research in cognitive science, psychology, and organizational theory to explain why the "Best and the Brightest" became trapped in situations that suffocated creative thinking and willingness to dissent, why they found change so hard, and why they were so blind to their own errors. An epic history of America's march to quagmire, *Road to Disaster* is a landmark in scholarship and a book of immense importance.

War and Peace Leo Tolstoy 2019-01-16 Hailed as one of the greatest novels of all time and a classic of world literature, *War and Peace* is a tale of strivers in a world fraught with conflict, social and political change, and spiritual confusion, Tolstoy's magnificent work continues to entertain, enlighten, and inspire readers around the world. Both an intimate study of individual passions and an epic history of Russia and its people, 'War and Peace' is nothing more or less than a complete portrait of human existence. Among its many unforgettable characters is Prince Andrey Bolkonsky, a proud, dashing man who, despising the artifice of high society, joins the army to achieve glory. Badly wounded at Austerlitz, he begins to discover the emptiness of everything to which he has devoted himself. His death scene is considered one of the greatest passages in Russian literature. Terror swiftly engulfs the country as Napoleon's army marches on Russia, and the lives of three young people are changed forever. The stories of quixotic Pierre, cynical Andrey and impetuous Natasha interweave with a huge cast, from aristocrats and peasants, to soldiers and Napoleon himself. In *War and Peace* (1868-9), Tolstoy entwines grand themes—conflict and love, birth and death, free will and fate.

Never at War Spencer R. Weart 1998-01-01 This lively survey of the history of conflict between democracies reveals a remarkable—and tremendously important—finding: fully democratic nations have never made war on other democracies. Furthermore, historian Spencer R. Weart concludes in this thought-provoking book, they probably never will. Building his argument on some forty case studies ranging through history from ancient Athens to Renaissance Italy to modern America, the author analyzes for the first time every instance in which democracies or regimes like democracies have confronted each other with military force. Weart establishes a consistent set of definitions of democracy and other key terms, then draws on an array of international sources to demonstrate the absence of war among states of a

particular democratic type. His survey also reveals the new and unexpected finding of a still broader zone of peace among oligarchic republics, even though there are more of such minority-controlled governments than democracies in history. In addition, Weart discovers that peaceful leagues and confederations--the converse of war--endure only when member states are democracies or oligarchies. With the help of related findings in political science, anthropology, and social psychology, the author explores how the political culture of democratic leaders prevents them from warring against others who are recognized as fellow democrats and how certain beliefs and behaviors lead to peace or war. Weart identifies danger points for democracies, and he offers crucial, practical information to help safeguard peace in the future.

City of Thieves David Benioff 2008-05-15 From the critically acclaimed author of *The 25th Hour* and *When the Nines Roll Over* and co-creator of the HBO series *Game of Thrones*, a captivating novel about war, courage, survival – and a remarkable friendship that ripples across a lifetime. During the Nazis' brutal siege of Leningrad, Lev Beniov is arrested for looting and thrown into the same cell as a handsome deserter named Kolya. Instead of being executed, Lev and Kolya are given a shot at saving their own lives by complying with an outrageous directive: secure a dozen eggs for a powerful Soviet colonel to use in his daughter's wedding cake. In a city cut off from all supplies and suffering unbelievable deprivation, Lev and Kolya embark on a hunt through the dire lawlessness of Leningrad and behind enemy lines to find the impossible. By turns insightful and funny, thrilling and terrifying, the New York Times bestseller *City of Thieves* is a gripping, cinematic World War II adventure and an intimate coming-of-age story with an utterly contemporary feel for how boys become men.

The State of Jones Sally Jenkins 2010 Contradicts the myth of a unified Confederacy during the Civil War, recounting the efforts of Newton Knight, the Jones County, Mississippi, farmer who organized his community to fight against the Confederates.

You Don't Belong Here Elizabeth Becker 2021-03-02 The long-buried story of three extraordinary female journalists who permanently shattered the barriers to women covering war Kate Webb, an Australian iconoclast, Catherine Leroy, a French daredevil photographer, and Frances FitzGerald, a blue-blood American intellectual, arrived in Vietnam with starkly different life experiences but one shared purpose: to report on the most consequential story of the decade. At a time when women were considered unfit to be foreign reporters, Frankie, Catherine and Kate challenged the rules imposed on them by the military, ignored the belittlement of their male peers, and ultimately altered the craft of war reportage for generations. In *You Don't Belong Here*, Elizabeth Becker uses these women's work and lives to illuminate the Vietnam War from the 1965 American buildup, the expansion into Cambodia, and the American defeat and its aftermath. Arriving herself in the last years of the war, Becker writes as a historian and a witness of the times. What emerges is an unforgettable story of three journalists forging their place in a land of men, often at great personal sacrifice. Deeply reported and filled with personal letters, interviews, and profound insight, *You Don't Belong Here* fills a void in the history of women and of war. 'A riveting read with much to say about the nature of war and the different ways men and women correspondents cover it. Frank, fast-paced, often enraging, *You Don't Belong Here* speaks to the distance travelled and the journey still ahead.' –Geraldine Brooks, Pulitzer Prize-winning author of *March*, former Wall Street Journal foreign correspondent 'Riveting, powerful and transformative, Elizabeth Becker's *You Don't Belong Here* tells the stories of three astonishing women. This is a timely and brilliant work from one of our most extraordinary war correspondents.' –Madeleine Thien, Booker Prize finalist and author of *Do Not Say We Have Nothing*

The Prince Of Tennessee David Maraniss 2000-09-21 In *The Prince of Tennessee*, David Maraniss and Ellen Nakashima explore in rich detail the forces that have shaped Al Gore's life, and the ways that his past offers clues to what kind of president he would be. The Gore who comes to life in these pages is an intelligent and competent man, struggling with self-doubt and insecurity that explain his

bureaucratic obsession with fact and his tendency to exaggerate his accomplishments. Gore's path to power, at first glance, seems straight and narrow. While Bill Clinton's rise is a story of obstacles overcome, Gore's ascendance seems the opposite: the son of political aristocracy reared by loving and demanding parents who groomed him as a princeling to reach the top. But his life was shaped by as much duality as Clinton's. As a child Gore was shuffled back and forth from political Washington to rural Tennessee, his ancestral homeland. The contrast reflects a larger tension between what others expected of Gore and what he wanted to do. Here was the quintessential good son whom his classmates teased as the wooden Apollo. He would occasionally try to rebel but inevitably be yanked back by the burden of expectations and his own insecurity. His first ambition was to be a novelist, but his friends at Harvard saw him as a royal figure for whom a political career was unavoidable. He opposed the war in Vietnam, yet enlisted in the army anyway, out of an obligation to shield his father, the antiwar senator. When he eventually turned to politics Gore brought with him competing impulses: the cautious political moderate with an occasional tendency toward uncommon boldness, the awkward public figure who in private can be a raucous storyteller, the loyal son and vice president who wants to be considered on his own terms, the reluctant politician who burns with a desire to fulfill his parents' dream and become president.

Odyssey Homer 1895

Vietnam Wars 1945-1990 Marilyn Young 2015-02-03 The first book to give equal weight to the Vietnamese and American sides of the Vietnam war.

By Permission Of Heaven Adrian Tinniswood 2011-01-31 There had, of course, been other fires, Four Hundred and fifty years before, the city had almost burned to the ground. Yet the signs from the heavens in 1666 were ominous: comets, pyramids of flame, monsters born in city slums. Then, in the early hours on 2 September, a small fire broke out on the ground floor of a baker's house in Pudding Lane. In five days that small fire would devastate the third largest city in the Western world. Adrian Tinniswood's magnificent new account of the Great Fire of London explores the history of a cataclysm and its consequences. It pieces together the untold human story of the Fire and its aftermath – the panic, the search for scapegoats, and the rebirth of a city. Above all, it provides an unsurpassable recreation of what happened to schoolchildren and servants, courtiers and clergyman when the streets of London ran with fire.

Into the Story David Maraniss 2010-01-12 INTO THE STORY is the first collection of the work of David Maraniss, one of the most honored and versatile writers of his generation. The thirty-two stories here cover a rich array of topics, ranging from seminal moments in modern history to intimate personal reflections, each piece illuminated by the author's deep reporting and singular sensibility.

A Nation under Our Feet Steven Hahn 2005-04-30 This is the epic story of how African-Americans, in the six decades following slavery, transformed themselves into a political people—an embryonic black nation. As Steven Hahn demonstrates, rural African-Americans were central political actors in the great events of disunion, emancipation, and nation-building. At the same time, Hahn asks us to think in more expansive ways about the nature and boundaries of politics and political practice. Emphasizing the importance of kinship, labor, and networks of communication, *A Nation under Our Feet* explores the political relations and sensibilities that developed under slavery and shows how they set the stage for grassroots mobilization. Hahn introduces us to local leaders, and shows how political communities were built, defended, and rebuilt. He also identifies the quest for self-governance as an essential goal of black politics across the rural South, from contests for local power during Reconstruction, to emigrationism, biracial electoral alliances, social separatism, and, eventually, migration. Hahn suggests that Garveyism and other popular forms of black nationalism absorbed and elaborated these earlier struggles, thus linking the first generation of migrants to the urban North with those who remained in the South. He offers a new framework—looking out from slavery—to understand twentieth-century forms of black political consciousness as well as emerging battles for civil rights. It is a

powerful story, told here for the first time, and one that presents both an inspiring and a troubling perspective on American democracy.

Barack Obama David Maraniss 2012-06-19 From one of our preeminent journalists and modern historians comes the epic story of Barack Obama and the world that created him. In *Barack Obama: The Story*, David Maraniss has written a deeply reported generational biography teeming with fresh insights and revealing information, a masterly narrative drawn from hundreds of interviews, including with President Obama in the Oval Office, and a trove of letters, journals, diaries, and other documents. The book unfolds in the small towns of Kansas and the remote villages of western Kenya, following the personal struggles of Obama's white and black ancestors through the swirl of the twentieth century. It is a roots story on a global scale, a saga of constant movement, frustration and accomplishment, strong women and weak men, hopes lost and deferred, people leaving and being left. Disparate family threads converge in the climactic chapters as Obama reaches adulthood and travels from Honolulu to Los Angeles to New York to Chicago, trying to make sense of his past, establish his own identity, and prepare for his political future. *Barack Obama: The Story* chronicles as never before the forces that shaped the first black president of the United States and explains why he thinks and acts as he does. Much like the author's classic study of Bill Clinton, *First in His Class*, this promises to become a seminal book that will redefine a president.

Rome 1960 David Maraniss 2008-07-01 From the "New York Times"-bestselling author of "Clemente" and "When Pride Still Mattered" comes the blockbuster story of the 1960 Summer Olympics in Rome--17 days that helped define the modern world.

When Pride Still Mattered David Maraniss 1999-10-07 In this groundbreaking biography, David Maraniss captures all of football great Vince Lombardi: the myth, the man, his game, and his God. More than any other sports figure, Vince Lombardi transformed football into a metaphor of the American experience. The son of an Italian immigrant butcher, Lombardi toiled for twenty frustrating years as a high school coach and then as an assistant at Fordham, West Point, and the New York Giants before his big break came at age forty-six with the chance to coach a struggling team in snowbound Wisconsin. His leadership of the Green Bay Packers to five world championships in nine seasons is the most storied period in NFL

history. Lombardi became a living legend, a symbol to many of leadership, discipline, perseverance, and teamwork, and to others of an obsession with winning. In *When Pride Still Mattered*, Pulitzer Prize-winning author David Maraniss captures the myth and the man, football, God, and country in a thrilling biography destined to become an American classic.

We Gotta Get Out of this Place Doug Bradley 2015 Cover -- Title Page -- Copyright -- Dedication -- Contents -- Acknowledgments -- Introduction: The Vietnam Veterans' National Anthem -- 1. "Goodbye My Sweetheart, Hello Vietnam": The Soundscape Takes Shape -- 2. "Bad Moon Rising": The Soundtracks of LBJ's War -- 3. "What's Going On": Music and the Long Road Home -- Notes -- Notes on Interviews -- Sources for Solos and Duet -- Index -- Back Cover
First In His Class David Maraniss 2008-06-30 Who exactly is Bill Clinton, and why was he, of all the brilliant and ambitious men in his generation, the first in his class to reach the White House? Drawing on hundreds of letters, documents, and interviews, David Maraniss explores the evolution of the personality of our forty-second president from his youth in Arkansas to his 1991 announcement that he would run for the nation's highest office. In this richly textured and balanced biography, Maraniss reveals a complex man full of great flaws and great talents. *First in His Class* is the definitive book on Bill Clinton.

Rome 1960 David Maraniss 2008-07-01 From the critically acclaimed and bestselling author David Maraniss, a groundbreaking book that weaves sports, politics, and history into a tour de force about the 1960 Rome Olympics, eighteen days of theater, suspense, victory, and defeat David Maraniss draws compelling portraits of the athletes competing in Rome, including some of the most honored in Olympic history: decathlete Rafer Johnson, sprinter Wilma Rudolph, Ethiopian marathoner Abebe Bikila, and Louisville boxer Cassius Clay, who at eighteen seized the world stage for the first time, four years before he became Muhammad Ali. Along with these unforgettable characters and dramatic contests, there was a deeper meaning to those late-summer days at the dawn of the sixties. Change was apparent everywhere. The world as we know it was coming into view. Rome saw the first doping scandal, the first commercially televised Summer Games, the first athlete paid for wearing a certain brand of shoes. Old-boy notions of Olympic amateurism were crumbling and could never be taken seriously again. In the heat of the cold war, the city teemed with spies and rumors of defections. Every move was judged for its propaganda value. East and West Germans competed as a unified team less than a year before the Berlin Wall. There was dispute over the two Chinas. An independence movement was sweeping sub-Saharan Africa, with fourteen nations in the process of being born. There was increasing pressure to provide equal rights for blacks and women as they emerged from generations of discrimination. Using the meticulous research and sweeping narrative style that have become his trademark, Maraniss reveals the rich palate of character, competition, and meaning that gave Rome 1960 its singular essence.
